

Why I Love Countryside Montessori School...

(written by the Upper Elementary students, February 2011)

- ... all the teachers let you be free
- ... I have lots of friends and good teachers
- ... because all my friends are here and all the teachers are cool
- ... you can use materials and the teachers are awesome
- ... all of the nice and friendly people
- ... how hard people work. I think that is great
- ... because we have independence and freedom
- ... the teachers are so patient and nice
- ... it is a challenge and because people are so nice. I feel welcomed here.
- ... it has a great learning environment
- ... because of all the activities we do like music, art, P.E. and science
- ... you get awesome teachers and you get free time
- ... we get freedom of what works we want to do and when we want to do them
- ... everybody is caring and there are no bullies
- ...I have good classmates and the best teachers I have ever met
- ... because the work is at my level
- ... I like freedom and responsibility
- ... because of all my friends and nice teachers. Thank you!
- ... we have freedom all around the school and get to use materials
- ... it is a very creative school
- ... you get a lot of freedom
- ... there are very kind people here
- ... everything is organized (most of the time)
- ... we have caring people
- ... the teachers give you work that is fun
- ... there are very kind people here.
- ... the teachers are the best in the world. They give you freedom and always have your back covered.
- ... my teachers and classmates are nice and the work is sometimes easy, sometimes hard
- ... Countryside is my favorite school in Mecklenburg County. It is a lot better than most traditional schools. Kids here get more freedom in school and we don't have to sit at a desk all day.
